

If you feel you have an emergency problem with your eyes please phone the practice straight away. We are one of several local practices that offer emergency care and when you contact us you will be triaged to access the urgency of your problem.

We will try to make you an appointment within the appropriate time scale however, if this is not possible we will try to book you an appointment with a colleague at one of the other participating practices.

If you are unable to contact us for any reason the contact details of the local practices that offer emergency care are as follows:

Williams Optometrist, Benfleet	01268 799999
SpecSavers, Canvey	01268 683600
